LMD Tunisian Educational system

Engineering Tunisian Educational system

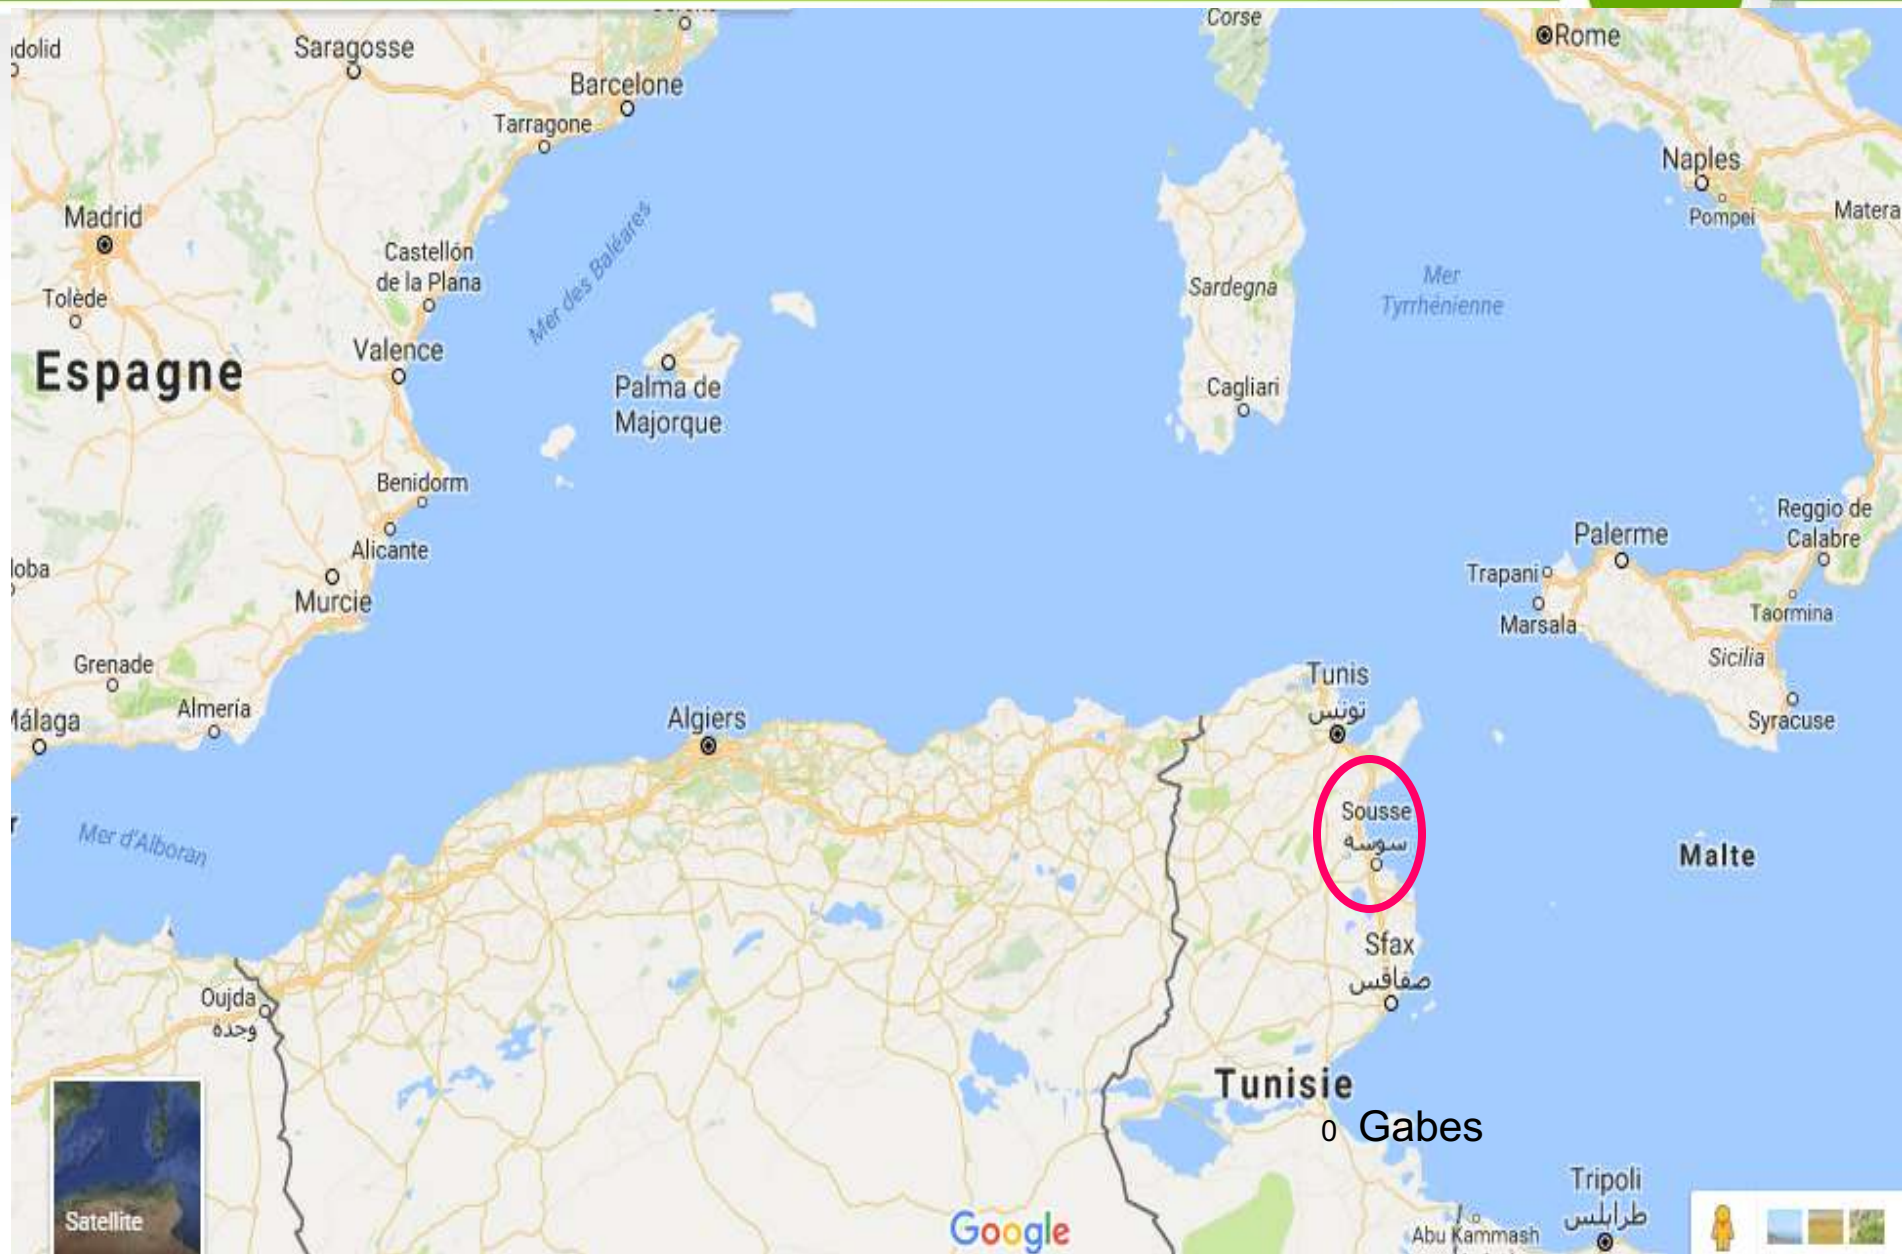

The University of Sousse and some institutions have carried out an internal evaluation. The last in 2016 as part of a project with AUF. Also in 2016, the University of Sousse and four of its institutions have a positive assessment to change their status into a public institution of a scientific and technological nature.

For the accreditation of study programs, all courses in the institutions of the University of Sousse in the LMD system or in the system of engineers are authorized by the Ministry following the evaluation by the sectoral committees in the different disciplines.
